

NaijaJobber Financial Model

Budget, cash flow, and three-year projections for platform launch and scale. Currency: USD (illustrative startup model).

Version: 1.0 | **Date:** July 2026

1. Model Assumptions

Assumption	Value	Notes
Launch market	Nigeria + remote-global	English-first roles
Employer plan (avg)	\$79 / month	Blended Basic/Pro
Paying employers Y1 end	35	Ramp from month 6
Monthly burn (steady state Y1)	\$18,000	Pre-scale team
Grant / seed in Year 1	\$250,000	See grant narrative
Payment processing	3.5%	When live billing enabled

2. Year 1 Operating Budget (Monthly)

Category	M1–3	M4–6	M7–9	M10–12	Annual
Engineering & product	\$8,000	\$9,000	\$10,000	\$10,000	\$111,000
Cloud & tools (AWS, Mongo, Redis, email)	\$800	\$1,200	\$1,800	\$2,200	\$18,600
Marketing & community	\$1,500	\$2,500	\$4,000	\$5,000	\$39,000
Operations & support	\$1,000	\$2,000	\$3,500	\$4,500	\$33,000
Legal & compliance	\$500	\$500	\$750	\$750	\$7,500
Admin & misc	\$400	\$500	\$600	\$700	\$6,600
Total opex	\$12,200	\$15,700	\$20,650	\$23,150	\$215,700

3. Revenue Projections (3 Years)

Metric	Year 1	Year 2	Year 3
Paying employers (avg)	18	120	350
Subscription revenue	\$28,000	\$185,000	\$620,000
Featured / sponsored jobs	\$4,000	\$35,000	\$95,000
Partnerships & grants (services)	\$15,000	\$40,000	\$60,000
Total revenue	\$47,000	\$260,000	\$775,000

4. Cash Flow Summary (Year 1)

Quarter	Opening cash	Funding in	Revenue	Opex	Closing cash
Q1	\$0	\$125,000	\$2,000	\$36,600	\$90,400
Q2	\$90,400	\$0	\$6,000	\$47,100	\$49,300
Q3	\$49,300	\$125,000	\$14,000	\$61,950	\$126,350
Q4	\$126,350	\$0	\$25,000	\$69,450	\$81,900

Runway: At Q4 steady-state burn (~\$23k/mo), closing cash ~\$81.9k ≈ **3.5 months** without new revenue growth. Revenue ramp in Year 2 extends runway materially.

5. Unit Economics (Employer)

Metric	Target
Average revenue per employer (ARPE)	\$79 / mo
Gross margin (SaaS)	~85%
CAC (employer)	\$350 (blended outbound + content)
LTV (24 mo retention @ 75%)	~\$1,422
LTV : CAC	~4.1×

6. Use of Funds (\$250k Grant / Seed)

Allocation	Amount	%
Product & engineering	\$100,000	40%
Go-to-market & community	\$62,500	25%
Operations & customer support	\$50,000	20%
Legal, compliance, admin	\$25,000	10%
Contingency	\$12,500	5%

Y2 Q3

8. Sensitivity Notes

- Downside:** 50% slower employer conversion → extend grant tranche or reduce marketing spend.
- Upside:** Partnership-led employer bundles → CAC drops, ARPE rises with Enterprise tier.
- Model excludes live payment fees until Stripe/Paystack production rollout.
