NaijaJobber

**Remote jobs.
African talent.
One trusted platform.**

AI-powered marketplace connecting verified African professionals with global employers.

Confidential · Seed / Grant round

THE PROBLEM

Remote hiring from Africa is broken

- Job seekers rely on scattered Telegram groups and unverified listings
- Employers can't trust profiles or track applicants across borders
- No single place for CV prep, applications, interviews, and hire confirmation
- Funders lack auditable placement data for workforce programs

THE SOLUTION

NaijaJobber — end-to-end remote employment

- **Seekers:** Profile, AI CV tools, apply, track pipeline, learn, earn referrals
- **Employers:** Verify company, post jobs, manage applicants, interview, subscribe
- **Platform:** Moderation, support, finance, marketing CMS, impact reporting
